

EXHIBITOR GUIDE

April 2019

This exhibitor guide applies to all contractors, vendors, production companies, and show management working in the Tinley Park Convention Center. It is designed to inform you of our policies and procedures. Please read this exhibitor guide as adherence to this document is part of the contractual obligations of the show organizer.

We look forward to a successful event and working with you.

Section 1 / Communication

Your primary contact will be the main client who contracts our space. For additional services such as electrical, tables, banners etc. the Convention Services Manager (CSM) assigned to the event will be happy to assist you. The CSM can be reached at 708.342.5485 or cs@tphicc.com

Section 2 / Services

Exclusive Services

It is understood that Tinley Park Convention Center (TPCC) retains the right to operate all food and beverage operations as well as operating an exclusive service contract on all electrical, utilities, telecommunications, and rigging services. Should the group requirements for any of the above exceed the capacity of TPCC personnel, the TPCC must approve any exhibitor appointment contractor service agreements in advance of show operation.

Payment for Services

Payment in full for additional services must be received by your CSM a minimum of seven (7) days prior to the first schedule move-in-date of a program. Orders submitted without full payment and orders received after the 7-day cut-off dates may be subject to additional fees. Any additional services ordered after the 7-day cut-off period are to be remitted at the time of order.

Section 3 / General

Weapons and Firearms

The possession of guns, explosives or weapons of any kind is prohibited except for on-duty Village of Tinley Park, State of Illinois or Cook County law enforcement officers. Fighting, physical violence, creating a disturbance, horseplay, disorderly conduct or use of abusive language is a violation of the TPCC policy and will result in immediate removal of the individual from the premises and possible legal action. The possession, sale, give-away or handling of any and all toy weapons is prohibited.

Display Vehicles

Motorized vehicles are defined as any vehicle which is propelled by an internal combustion engine, such as, but not limited to automobiles, trucks, motorcycles, aircraft and watercraft. All motorized vehicles which are displayed shall have the battery(ies) disconnected at the "hot" lead. The lead shall be safely secured. Fuel tanks in vehicles on display must be less than 5 gallons or one quarter (1/4) full whichever is less or completely empty and purged of all fumes. Fuel tanks cannot be filled or emptied inside the TPCC. Prior to entering the building, the contractor, vendor or production manager must contact the Event Manager or Dock Master for a visual inspection. All vehicles entering the building must be clean and free of dirt, oil or grease.

Appropriate floor protection must be laid under the place where the vehicle is to be located and is the responsibility of the client/contractor. The floor protection must remain under the vehicle during the time it stays in the building. Floor protection may be obtained for a fee from the TPCC.

Animals

With the exception of ADA service animals, animals are not permitted in the facility without written authorization from the TPCC. The ADA defines a service animal as any guide dog, signal dog, or other animal individually trained to provide assistance to an individual with a disability.

Amusement Rides

Amusement rides that are installed inside or outside of the building must be state certified with proper documentation displayed.

Section 4 / Laws, Permits, Insurance and Taxes

Americans with Disabilities Act

The TPCC makes every effort to accommodate patrons with disabilities and adhere to all requirements of the Americans with Disabilities Act of 1990. Our staff will happily work with you to assist patrons and address any questions or issues that arise.

Gambling

Gambling is not permitted within the facility unless approved in writing by the TPCC Managing Director.

Insurance

Events at the TPCC which are open to the public or that involve exposition, athletic competitions, production companies and/or contractors will require insurance including, but not limited to the following requirements. If you have any questions as to whether insurance is required for your event or activity, please notify your CSM for a determination.

- **Certificate Holder**
 - Designate the Certificate Holder as:
Tinley Park Hotel and Convention Center, LLC, Harp Management, LLC and the Village of Tinley Park, 18501 Convention Center Drive, Suite 100, Tinley Park, IL 60477
- **Dates of Coverage**
 - Required insurance should be in effect during all dates specified in contract (move-in, operations, and move-outs) as well as any extensions that may occur.
- **Required Insurance Coverage**
 - Comprehensive general liability insurance including contractual liability, with limits not less than:
 - \$1 million in respect to injuries to any one person in any one occurrence and aggregate;
 - \$2 million in respect to injuries to more than one person in any one occurrence and aggregate;
 - \$1 million in respect to damage of property
 - Such commercial general liability policy shall be primary and not contributory with any insurance coverage or self-insured program of the licensor.
 - Workers Compensation and Occupational Disease insurance in full compliance with all federal and state law and covering all licensee's employees including any borrowed, leased or other persons to whom such compensation may be payable by licensee.
 - Employer's liability insurance with minimum limits of \$500,000 per accident covering injury or death to any employee outside the scope of Worker's Compensation and Occupational Disease coverage.
 - Comprehensive automobile insurance covering any owned, not owned and hired self-propelled vehicles of the type for use on and off the TPCC complex, including coverage of loading and unloading hazards with limits of liability of \$1 million in respect to injuries and property damage in any one occurrence.
- **Additional Insured**
 - Coverage should specifically designate the Tinley Park Hotel & Convention Center, LLC, Harp Management, LLC and the Village of Tinley Park and each of the respective subsidiaries, affiliates, officers, directors, employees and agents named as an additional insured.
- **Hold Harmless**
 - In addition to the insurance certificate, you will be required to provide a "Hold Harmless" agreement absolving the Tinley Park Convention Center, LLC from any claim for damages resulting from equipment used or labor provided by the contractor, show management or production company.

Permits and Licenses

It will be the sole responsibility of the client and the client's contractor to obtain necessary permits and licenses from the Village of Tinley Park as follows;

- Tents, canopies or temporary exterior structures of over 400 sq. ft.
- Business license for selling merchandise or food
- Food Service Sanitation Certificate
- Raffle License for raffles, prizes or giveaways.
- Class D; One-day Liquor License for selling alcoholic beverages
- Temporary sign permit for posting signs in non-right of away locations in the village

Please call the Village of Tinley Park at 708-444-5000 for information and forms. Appropriate business license and permits must be displayed by exhibitors.

Smoking

In compliance with state and local laws, the TPCC is a non-smoking facility. Smoking is not permitted anywhere in the TPCC. We do not restrict smoking in outdoor areas of our premises.

Taxes

It will be the contractors' sole responsibility to collect and pay to the Village of Tinley Park and the State of Illinois and Cook County all applicable sales and amusement taxes that pertain to his work. This includes items or tickets sold during the clients' event held at the TPCC. For additional information and for tax forms, call the Village of Tinley Park Office of the Treasurer at 708-444-5000.

Section 5 / Meeting Space

Lobby Furniture

Lobby furniture in the TPCC will be permanently located in common areas for all our guests to use. If lobby furniture must be moved to accommodate an event, there will be a labor charge associated with moving the furniture from its permanent location. To prevent damage, furniture will not be removed from public areas for meeting room purposes.

Floor Covering

Displays including, but not limited to, those utilizing soil, humus, water or other landscaping materials, those using human hair, dyes, shampoos and perm solutions, displays containing live animals as well as food and beverage displays must take appropriate steps to protect the facility surfaces and equipment. A protective coating must be used on the floor such as heavy plastic, visqueen or similar strength material. This service can be purchased from the facility.

Contracted Space Parameters

No event related equipment, freight, decorations, and miscellaneous items will be accepted prior to the commencement of the customer's contract. In addition, the aforementioned items must be removed from the premises at the expiration of the customer's contract. Items left behind will be treated as abandoned equipment and disposed of as the facility sees fit. Service contractors may only have access to the facility for set-up and tear down in accordance with the dates and times specified in the event contract. Client is responsible for contracting enough move in/out time for set-up and tear down by client's contractors.

Lighting

Minimum lighting levels – no less than 5 fc (foot candle) or 50 lux - must be maintained at all times in all function rooms.

Display Vehicles

Vehicles, which are part of a display, are permitted within the exhibit halls. The client is responsible for ensuring that all such vehicles meet the guidelines set forth in this Exhibitor Guide.

Water Displays

All fountains or other decorative water containers must be waterproof and of sufficient density to avoid leaks. Plastic must be placed underneath the display for additional protection.

Section 6 / Decorations and Entertainment

Decorations

Decorations may not be taped, nailed, tacked or otherwise attached to facility surfaces or fixtures (i.e. ceilings, glass, doors, columns, walls, etc.). Items such as glitter, confetti, rice, bird seed, sand, dirt, moss and mulch are not permitted on any carpeted areas. Failure to adhere to the above rules will result in additional fees.

All decorations, including but not limited to, drapes, curtains, table coverings, skirts, carpet, signs, banners, acoustic materials, hay, straw, moss, bamboo, plastic cloth fabric, linen and similar decorative materials must be rendered flame retardant. Proof of satisfactory flame retardant treatment (certificate) is required, and must be maintained within the specific exhibit area for inspection. If proof of satisfactory flame retardant treatment is not present, the decorative materials will be removed from the facility. Items that cannot be treated to meet requirements, such as, but not limited to, oilcloth, tar paper, nylon, plastic cloth, and certain other plastic materials, are prohibited.

Candles

Candles may be used only on tables when securely supported on substantial noncombustible bases so located as to avoid danger of ignition of combustible materials. The candle flame shall be protected.

Helium Balloons

Helium balloons are allowed in the meeting spaces with a \$100 deposit. If any balloons become loose and require retrieval by the TPCC staff, a \$25 removal fee will be charged for the first balloon and \$5 for each balloon thereafter.

Fog Machines

Water, chemical or dry ice fog/haze machines are not permitted inside the TPCC without prior written permission from the TPCC Managing Director. Requests to utilize fog or haze machines are not guaranteed and are required to be submitted 60 days prior to the first day of the event. Fog / haze machines will require additional fire watch services. The client accepts responsibility for any costs assessed to inspect or replace sprinkler heads or smoke sensors that have been discharged in the course of an event.

Section 7 / Signage

Signs and Posters

Signage may not be taped, nailed, tacked or otherwise attached to facility surfaces or fixtures (i.e. ceilings, glass, doors, columns, walls, etc.). Handwritten signs are not permitted in the TPCC.

Free standing signs, easels, banners, decorations and similar materials may be used and should be placed so they do not cause a traffic or fire hazard. Painting is not permitted within the building or outside of the building or in the parking lot.

Easels

Easels may be rented from our Audio Visual department.

Banners / Oversized Signs

Custom banners may be ordered through the TPCC for a fee. Please see the CSM for details.

Only rigging labor scheduled by the TPCC may affix signage and banners to the convention center premises. Please consult the CSM for more detailed information about sign/banner hanging labor and equipment costs.

Promotional Materials / Fliers

The distribution of adhesive labels, decals, fliers and similar promotional items is only allowed within the assigned meeting space. Any distribution of said items is strictly prohibited in the TPCC's public spaces including the parking lot.

Section 8 / Damages to Facility

The customer and/or customer's contractor is responsible for all damages resulting from practices contrary to these policies. You will be informed of all damages which occur during the event and the damages will be documented with written reports and photographs.

Fasteners

Drilling, nailing or stapling into any facility surfaces or equipment is strictly prohibited. Holes may not be drilled, cored, or punched, and fasteners may not be attached to the floor, walls or parking lot surface without prior written approval of the TPCC. All work must be done by TPCC personnel or under their direction.

Tape

The use of high residue tape is prohibited on any carpeted, tiled, concrete or hardwood surface floors. Only low residue carpet tape (e.g., Polyken 105C or Renfrew #174) and low residue safety tape (e.g., Asiachem SST-736) or approved equivalent. Tape or residue left on any surface by the customer will be removed by the TPCC and the cost of removal will be billed at prevailing rates to the client.

Inspection

An inspection of the meeting and convention space is to be made prior to installation and upon completion of load-out by the contractor, vendor, show management or production company. This inspection will be done with TPCC management. All claims for damages will be submitted to the client in writing within ten (10) business days following the final walk through.

Section 9 / Shipping, Receiving and Storage

Please see the TPCCs "Services, Fees and Rental Price List" for applicable rates. Rates are subject to change without notice.

Receiving and Shipping

All incoming shipments are subject to a receiving fee of \$.99 per pound.

The TPCC assumes no responsibility for items shipped to or from the facility. Any damage must be addressed with the individual carrier.

For tracking purposes the TPCC requires that all incoming boxes are labeled in the following manner:

Attention:
"Your Name" & "Program Name"
"Name of your CS Manager"
Tinley Park Convention Center
18451 Convention Center Drive, Tinley Park, IL 60477

"Program Name and Date"
Box # of #

The TPCC is not responsible for outgoing shipments.

Storage

Shipments will not be accepted more than seven days prior to the program start unless special arrangements have been made with the TPCC.

Exhibits

The TPCC is not responsible for lost or misplaced freight. All shipments made directly to the TPCC on a move-in day for an exhibit hall must be routed to the attention of the decorator or show management. A specific delivery location will be assigned by the CSM prior to your event.

All non-building equipment, freight, decorations, and miscellaneous items must be removed from the premises at the expiration of the event contract. Items left beyond this time will be treated as abandoned equipment and disposed of as the facility sees fit. The TPCC is not responsible for any materials left unattended.

Exhibitors and show managers need to make prior arrangements to have exhibit materials packed and shipped out after an event. The TPCC does not pack, store, or return-ship signage or banners, and will not guarantee the return or the condition of any signage or banners left on our premises after an event has moved out and all signage has been removed.

Section 10 / Loading and Drayage

Loading Locations

Loading and unloading through the facility's main entrance doors is strictly prohibited. Exhibitors must only use designated loading bays, and overhead doors at docks and at grade located on the east and south side of the facility.

For security reasons, other exterior doors may not be propped open for any reason. Event space doors are to remain closed while loading is occurring in order to prevent noise, fumes and climate change in the public space.

All production equipment delivered to meeting rooms will be transported through service corridors. Equipment or road boxes are not to be transported through the public areas.

Move-in Vehicles

Vehicles are not permitted within the facility for loading and unloading without the prior authorization of the CSM. All approved vehicles must be attended while in the facility and may not have the motors running while stationary. All such vehicles must be removed prior to the opening of the event and may not return until the event has closed and all attendees have vacated the area.

Service Contractors

All service contractors are required to sign-in at the TPCC Sales Office prior to working on property.

Any costs (i.e. damage, equipment rental, etc.) incurred by clients' service contractors will be the ultimate responsibility of the client.

Dock Master

For exhibit hall events and some ballroom events, a dock master is required during move-in, move-out and show hours to monitor traffic flow on the dock. The dock master is an exclusive service of the TPCC and will be charged to the client.

Drayage

Drayage services are provided exclusively by the TPCC for a fee. Please consult the CSM for details and pricing.

Load-in / Load-out / Installation / Dismantling

The contractor, vendor, show management or production company will work with the CSM to outline the exact days and times for both load-in and load-out. These times must be adhered to.

The installation and construction of stages may not be done unless floor protection is installed under the entire area that the stage is going to cover. No nails or bracing wires used in production set-ups may be attached to the building. No painting, mixing of chemicals or explosive materials are allowed inside the TPCC.

The schedule of time and number of vehicles used for load-in / out, production or entertainment events must be submitted in writing to the CSM a minimum of ten (10) days prior to move-in. There can never be more than five (5) vehicles unloading at the TPCC at one time.

All outside contractors hired by show management and exhibitors will adhere to all applicable rules and regulations. Any damage incurred in their specific work area will be the responsibility of the show management and exhibitors. The contractor, vendor, show management or production company is responsible for the traffic control of vehicles scheduled by them for load-in/out. Parking of trucks and trailers overnight at the loading docks or on TPCC property is prohibited without prior consent of the CSM. Unless a trailer is being loaded or unloaded, it must be removed from TPCC property.

All forklifts, or any other mechanical lifts are required to run on propane or electrical power, no combustible engines except for load-in vehicles will be allowed to run in the TPCC or ballroom spaces. All lifts are encouraged to have white tires to minimize markings on the floor. All lifts are to be operated by trained personnel, with a current valid operator's licenses.

No pallet and / or pallet jacks are allowed unless proper protection is in place and all wheels have been checked and cleaned from any type of dirt, oil or grease that may have been transported with the equipment. The assigned Event Manager can assist in determining what includes proper protection.

No equipment is allowed in the foyer areas without consent from the CSM or Event Manager.

Failure to remove all items from the TPCC, foyers, dock space, parking lot and all other areas of the TPCC by the end of the contracted lease time will result in financial damages charged back to the contractor, vendor, show management or a production company. Any floor protection provided and installed by the client must be removed and disposed of by the client.

All cartons, crates, containers and packing materials that are necessary for re-packing shall be removed from the show floor. The TPCC inspects all exhibits for general conformance.

Section 11 / Food and Beverage Services

Catering

The Tinley Park Convention Center will, at a cost, provide in-house catering for all events. Please contact the CSM for further information and menus.

Outside Food and Beverage

All Food and beverage must be purchased through the TPCC. Food and beverages may not be brought onto the premises to be sold, used, consumed, or given away without the written consent of the TPCC.

Alcohol

All staff members will enforce proper alcohol management. The TPCC reserves the right to refuse service of alcoholic beverages to anyone. No alcoholic beverages may be consumed in any of the TPCC parking lots unless served by TPCC staff.

Food Waiver

In the event that the TPCC allows outside food or beverages to be brought in the client will be required to provide additional paperwork such as permits and the facility's Food Waiver Form.

Cooking Demonstrations

Cooking demonstrations or commercial cooking must be approved in writing by TPCC management. Once permission has been obtained, the following policies must be adhered to:

All cooking devices shall comply with NFPA, Life Safety Code 2000 Edition. All cooking appliances shall be equipped with ventilating hoods and equipment as deemed necessary by the TPCC. Cooking equipment shall be placed on a noncombustible surface, such as metal, hardwood boards or glass and be separate from other equipment by a minimal horizontal distance of 2 feet. Counter top fryers not exceeding 288 square inches and single well may be used without the necessary ventilating hood and surface protection equipment provided there is two (2) ten (10) pound B.C. extinguishers positioned on each side of said fryer. All cooking appliances shall be listed by a National Testing Agency, i.e. Underwriters Laboratory or Factory Mutual.

All cooking equipment shall have regulator(s) at appliance and gas cylinder(s). All supply lines (tubing or hoses) shall be lead-tight and in good repair. Hoses shall be listed for the type of product it supplies.

Cooking that is done for consumption must comply with the following:

- An exhibitor's employee must be on site that has a State of Illinois Sanitation Certificate (copy must be on site).
- Copy of exhibitor's last health inspection and business license.
- If food cooked on premises is to be sold or sampled by the public, the exhibitor must have a license issued by the Village of Tinley Park.

Section 12 / Audio Visual and Computer Equipment

Audio Visual

The TPCC offers a wide range of equipment, services and support. AV and computer equipment is provided by the TPCC's in-house audio visual partner, Audio Visual Productions. They are available to aid in the selection and operation of AV equipment. No outside AV providers or equipment will be allowed without the written permission of the TPCC. Approved outside AV providers are subject to additional supervision fees.

Some AV equipment may require a dedicated operator provided by the TPCC. For details and pricing on all AV related services please consult our AV menu or contact Audio Visual Productions at: (708) 342-5499.

Internet

Basic Wi-Fi internet access at the TPCC is complimentary. Special needs such as hardwired internet lines, static IP-Addresses, VLAN, private secured SSIDS, and other data networking services must be arranged with the CSM in advance during the planning process.

Section 13 / Labor

Required Labor

For some tasks or in some situations, TPCC labor must be used as follows:

- Electricians:** Exclusively responsible for supplying all electrical service connections and the installation and dismantling of anything that uses electricity as a power source, and distribution of power to multiple sources. TPCC will provide the power source but the customer can make final connections (plug-in) of their equipment.
- Engineers:** Exclusively responsible for the installation of all utility connections, for climate control within the facility, and for maintaining HVAC, plumbing, and other mechanical systems.
- Set-Up:** Exclusively responsible for the set-up and tear down of TPCC equipment such as tables, chairs, and risers. Additional set-up labor charges apply to turnovers, special cleaning, and more frequent or extensive housekeeping services or re-sets as requested by the client.
- Security:** Exclusively responsible for all security including but not limited to: dock, building, parking lot, and all event security.

Rate and Time Definitions

- Regular Time:** In general, any eight-hour shift. (Management makes every attempt to schedule labor on a multiple job basis to ensure work is done in regular time.)
- Overtime:** In general, any time incurred after an eight-hour shift is overtime.
- Changeovers:** Any time an existing room set-up must be changed during the event, a changeover fee may apply. This is based on the labor hours needed to complete the changeover, plus applicable equipment charges. This policy does not apply to changeovers for food functions. Please consult the CSM regarding changeover costs before firmly establishing your meeting schedule.

Section 14 / Housekeeping

Trade or Consumer Shows

Cleaning is provided by our staff in the aisles, lobbies and restrooms during show hours, with one general cleaning after show hours at a time scheduled with the Event Manager. This does not include booths or show offices. It is the responsibility of the contractor, vendor, show management or a production company to clean any areas used for load-in/out and areas during show hours not covered by the TPCC.

Trash, crates, lumber, packaging materials and show refuge removal is the responsibility of the contractor, vendor, show management or a production company. The TPCC will provide trash removal for a fee. If more frequent or extensive cleaning is desired, consult our CSM about services and rates.

At the conclusion of the convention or show, the TPCC, ballrooms, meeting space and loading docks used by a contractor, vendor, show management or production company must be returned as they were received prior to leaving the property. Fees will be assessed if the facility is found to be left with trash or improper cleaning.

Section 15 / Security, Safety, and Hazardous Materials

Security

Security at the TPCC is provided by our in-house security officers. Additional security services are provided through a contracted outside security partner. The TPCC staff reserves the right to deny access of any persons to any facility space. Outside security providers will only be allowed with the written permission of the TPCC.

Lost and Found

Found items should be turned into the Holiday Inn Hotel's Front Desk. Lost items may be picked up at the Hotel's Front Desk. Lost items will be stored for 30 days and then disposed of. The TPCC is not responsible for any items or equipment left behind.

Emergency Situations

In the event of a serious medical emergency, call 911 to report it immediately, and then dial "0" on any house phone to notify staff. For all other emergency situations and concerns, dial "0" on any house phone to notify staff. The operator answering your call will follow up with the appropriate emergency services agency. There are two AEDs (Automated External Defibrillator) stations in the facility.

Exit Access

Exit signs must be visible at all times. No exit doors shall be locked, bolted or otherwise fastened or obstructed at any time the TPCC is open to the public. Moreover, it shall be unlawful to obstruct or reduce passageway or other means of egress. Additionally, all required exits shall be so located as to be discernible and accessible with unobstructed access thereto. Access to restrooms, concession stands, and janitorial closets shall be maintained at all times. The TPCC shall check egress of the facilities before it is occupied for any use. If such inspection reveals that any element of the required means of egress is obstructed, inaccessible, locked, fastened, or otherwise unsuited for immediate use, admittance to the building shall not be permitted until necessary corrective action has been completed.

There shall be no obstruction blocking exit doors from the outside of the TPCC, such as vehicles parked in front of doorways or barricades across sidewalks, etc.

Fire Safety

No unauthorized persons are to alter, remove, deface or tamper with any required fire safety equipment contained within the TPCC. These items include the fire sprinkler system, fire alarm system, emergency lights or exit signs, portable fire extinguishers, exit doors or other related safety equipment.

All hydrants, standpipe and fire hose cabinets and fire department connections shall be unobstructed at all times. All decorations must be constructed of flameproof material, or treated with an approved flame proofing solution.

No vehicles shall be parked in fire lanes outside the TPCC.

No person shall interfere with the Village Fire Rescue Department when performing emergency and non-emergency functions at the TPCC. All orders issued by a member of the fire rescue department shall be obeyed immediately. The client will be held responsible for any costs or fines assessed by the fire department for a false alarm caused by the client.

Hazardous Materials / Compressed Gases

Compressed flammable gases are prohibited inside the facility without the prior written approval of the TPCC and the Tinley Park Fire Chief. This includes liquefied petroleum gases (LPG), acetylene, hydrogen, propane and butane. All requests to use such gasses must be submitted to the CSM by no later than 30 days prior to the event. If approved, compressed cylinders shall be used, handled and stored in accordance with applicable fire code requirements. Explosives and blasting agents shall be prohibited. Ammunition and pyrotechnics may be allowed under certain conditions and only with the advance approval of the TPCC and the Tinley Park Fire Chief's office. If pyrotechnic materials are used / fired within the building a fireworks permit will be required with the following parameter:

- 15-day minimum application period (State Law)
- Licensed explosive handler required
- \$1,000,000 liability insurance

Demonstrations using hazardous materials must be approved by the Tinley Park Fire Chief at least five days prior to the event. These include, but are not limited to: welding, brazing, laser cutting, LP gas cooking and heater demonstrations. Plexiglas shields or other protections must be utilized wherever sparks may be emitted or injury to bystanders could occur.

MSDS

A Material Safety Data Sheet (MSDS) is required for any chemicals utilized by the contractor or client.

Exhibit Space

Written authorization from TPCC and the Village of Tinley Park Fire Chief is required for the following:

- Exhibit booths which have enclosed ceilings, upper decks or any large overhead advertising device in excess of 100 square feet; these require the use of perforated or porous materials that will not obstruct fire sprinkler protections. The Village of Tinley Park Fire Chief requires such booths to be equipped with portable fire extinguishers, as well as an automatic smoke detection system.
- Display and operation of any heater, heat producing or open flame devices such as barbeques, candles, lanterns, torches, fireplaces, etc. Candles may be used on tables if securely supported on substantial noncombustible bases so located as to avoid danger of ignition of combustible materials and only if approved by the TPCC. The candle flame shall be protected.
- Display and operation of any electrical, mechanical or chemical devices which may be deemed hazardous by the Village of Tinley Park Fire Chief.
- Use or storage of flammable liquids, compressed gas or dangerous chemicals.

Equipment

The Contractor, Show Management or Production Company is responsible for the security of its own equipment at all times.

Section 16 / Traffic Management and Parking

Parking

The Convention Center parking lot is not to be used for storage of any oversized vehicles, to include but not limited to trailers and semi-trucks longer than 32 feet. After the oversized vehicle has been loaded or unloaded, it must be removed from Convention Center property unless prior written authorization from the Managing Director has been obtained. All other vehicles (shorter than 32 feet) must be parked on the Southeast Parking Lot, not taking up more than two (2) spaces at the time. Your sales manager can provide you with additional information if you are interested in renting a portion of the parking lot adjacent to the TPCC.

Section 17 / Equipment

Fork Lift and Scissor Lift

Fork and scissor lifts are available for rent. The rental rate does not include an operator. Certified operators must be provided by the client. The equipment can be rented by the hour. Outside equipment may only be brought in with the written approval of the TPCC in which case the contractor must use trained personnel with a current valid operator's license and insurance.

Section 18 / Utilities

House Lighting, Ventilation, or Air Conditioning

House lighting, ventilation, heating and/or air conditioning of all rented spaces are provided by the Tinley Park Convention Center for one hour prior to and during actual hours the event is open.

Electrical Services

All service connections and overload protection equipment must be installed and removed by the TPCC. All equipment and material furnished shall remain the property of the TPCC and shall be removed only by the TPCC at the close of the show. Written requests should be made to the CSM for installation of special equipment requiring company engineers or technicians for assembly, servicing, preparatory work and operation without TPCC electricians. Such arrangements require the written permission of the TPCC. The use of open clip sockets, latex or lamp cord wire, unapproved duplex or triplex attachment plugs is prohibited. All extension cords must be 120 Volt three pronged, grounded cords. All exposed non-current carrying metal parts of fixed equipment must be grounded. All equipment, regardless of power source, must comply with local, state, and national safety codes.

The TPCC reserves the right to refuse any connection or equipment that its electricians deem unsafe.
